

K-LOVE serves me as a resident of the Sioux City IA community by offering positive and encouraging communications throughout the day. If K-LOVE were displaced by LPFM, our community would lose valuable programming that is currently offered by K-LOVE. K-LOVE's service is provided in the interest of the public by offering an alternate to all the negative and vulgar communications that are being sent over the airwaves. There is never a worry as to who is listening. Please don't take K-LOVE away. This is our lifeline.
